WELCOME TO | **Milo Group**

We are a services, trading and contracting group operating in the areas of construction-built environment, facilities management, e-commerce and distribution. Since founded, the group has achieved a reputation both provincially and nationally.

The Group's objective is to be the industry partner of choice both nationally and internationally.

Vision & Values

Milo Group is striving to be a contracting and services group with the capability to deliver across the full project lifecycle.

People: –

We strive to be the employer of choice, attracting and retaining skilled people.

Excellence: –

We aim to continue in our delivery of quality and value in our chosen sectors through integrated solutions, products and services.

Client focus: –

Drawing on Milo Group's vast multi-disciplinary expertise, we deliver tailor-made solutions for our client's individual needs.

Balanced Portfolio

We maintain solid financial returns combined with significant social impact and quality service delivery

PROFESSIONAL SERVICES

Adding repeat income streams aligned to the e-commerce value chain.

CONTRACTING SERVICES

Focusing on the upper end of the value chain from contractor to project leader.

SUPPLY DISTRIBUTION

Warehousing & Delivery Portfolio

Thulatsepo General Trading:

For three years we have warehoused food products and cleaning products for Thulatsepo General Trading. Our capabilities have grown beyond pallet in, pallet out. We are a full-service warehousing solution, providing packaging, value-added, quality control and inspection, and fulfillment services in our warehouses. We utilize state-of-the-art machine vision and artificial intelligence technologies to increase efficiency and accuracy in our operations.

Thulatsepo General Trading:

We have also, from time to time, assisted on school deliveries to Thulatsepo General Trading's delivery projects.

We Have a Solution to Fit Your Requirements. Mlilo Group is a full-service transportation provider. We adapt our solutions to fit your needs. A team of dedicated transportation account experts are standing by to design a route at the most competitive rates and flexibility. We are committed to delivering best-in-class transportation for customers in any industry.

By utilizing our network of more than 140 preferred partner carriers, Mlilo Group, provides flexible transportation management solutions for any type of haulage. We use strict criteria to vet partner carriers and requires them to have optimal safety scores and be insured/bonded.

Risk | Management

The contracting operational environment is complex and makes total risk elimination almost impossible. Our Group's risk management philosophy therefore focuses on the effective and ongoing management of risk. Our rigorous processes include early identification, quantification and assessment of risks and application of risk mitigation measures to reduce the potential impact. We also balance our reward to the value of risk we take to ensure a sustainable business model. Our combined assurance model ensures that key risks are identified and mitigated. The mitigation strategies are all subject to the 3 levels of assurance to ensure Mlilo Group is adequately protected.
